May, 2009

Dear Parent or Guardian,

In 2008-09, Creech Road Elementary School entered Title I School Improvement under *No Child Left Behind* (NCLB) guidelines. Creech Road Elementary offered students the option to enroll in another school (Public School Choice Option). Creech Road Elementary School will continue to offer Public School Choice for 2009-10, even if the school meets AYP goals for 2008-09. A school must make AYP two years in a row to no longer be in Title I School Improvement.

We are not able to identify your school choices at this time since we have not yet received AYP results from the NC Department of Public Instruction and do not know the schools that met their goals. The school district anticipates receiving the results in mathematics and reading in July.

If the school does **not** meet the AYP goals for 2008-09, the school system will offer free tutoring services to students receiving free or reduced-price lunch. Families eligible for tutoring may enroll in another school (Public School Choice) **OR** receive free tutoring services, but not both.

Your may have the following options for your child for the 2009-10 school year:

1. Remain at Creech Road Elementary, OR
2. Enroll in another designated school of choice (to be determined), OR
3. If eligible, remain at Creech Road Elementary and receive free tutoring services.

We will notify you of the available choice schools once we receive the **final** AYP results. Choice options will be limited based on eligible schools, program availability, and transportation patterns. If you have any questions about this notice, please contact me at 662-2359. Thank you for your interest and the support of your child's education. We look forward to working with you to provide the best education possible for your child.

Sincerely,

Jen Benkovitz, Ed.D.
